Profile

Detail-oriented and innovative Front End Developer with nearly 8 months of hands-on experience in web development. Adept at leveraging HTML, CSS, JavaScript, and modern library React.js and Next.js framework to create responsive, user-focused web applications. Proven expertise in implementing responsive designs using Bootstrap and Tailwind CSS. Skilled in building interactive user interfaces and single-page applications, as well as integrating frontend components with backend APIs. Proficient in version control using Git. Demonstrates excellent problem-solving abilities and a keen eye for detail, committed to delivering high-quality digital solutions.

Work Experience

Front End Developer

03/2024 - present

- Developed responsive and user-friendly web applications using HTML, CSS, and JavaScript.
- Utilized React.js for dynamic, reusable user interfaces and efficient state management, and integrated Next.js for streamlined development, built-in routing, and enhanced user experience.
- Leveraged CSS frameworks such as Tailwind and Bootstrap to ensure mobile-first, responsive design.
- Translated Figma designs into pixel-perfect HTML/CSS code, ensuring accuracy and fidelity to the original design.
- Utilized Git for version control, ensuring efficient and organized code management.

Front End Developer

02/2024 - 02/2024

- Design Landing page using HTML, CSS and JavaScript.
- Developed responsive portfolio pages in React.js, using Tailwind CSS to ensure optimal performance on various devices.
- Employed Git for version control, maintaining code integrity and collaboration.
